Introduction

Sporting activities can be safe and fun for all levels of enthusiasts. The Owner's Manual is presented to enhance your enjoyment of the sport. It is intended to alert you to some of the potentially dangerous conditions that can arise while using this product.

Please take a few minutes to read this manual before assembling and using the product. Although the product is simple to use, this manual contains important safety information that you and all users must understand to safely enjoy the Attack Zone.

If you have any questions regarding this product, please call RAVE Sports at 1-800-659-0790. Please have the serial number from your product ready when you call.

⚠ WARNING

UNSAFE USE OF THE ATTACK ZONE CAN RESULT IN PERSONAL INJURY OR DEATH.

To reduce the risk of injury, read and follow all instructions and warnings in this manual. Do not use this product unless you understand and accept the risk of injury involved with this activity.

Safety Rules and Information

- Read and understand all of the information contained in this owner's manual before assembling and using your product.
- Make sure that everyone who uses the product is provided with and understands these safety rules and information.
- Never use the product after sunset, before dawn, or any other time in poor lighting conditions.
- Never use the product under the influence of alcohol or drugs.
- Always stay under control while using the product.
- When not in use, secure the product against unauthorized or unsupervised use.
- Inspect your product for any worn, defective, or missing parts.
- Never attempt a shot while others are retrieving pucks in the Attack Zone.
- Make sure all spectators are clear of the shooting area. Watch your backswing to avoid injuring spectators.
- Do not allow spectators to hang on netting while using the Attack Zone. Make sure all spectators stand back 3 feet from the netting to avoid being struck by a flying puck.
- Do not climb on the Attack Zone.
- Avoid use in high winds. When using outdoors, make sure your Attack Zone is secured when storms or other inclement conditions are present.
- Adult supervision is required for young children.

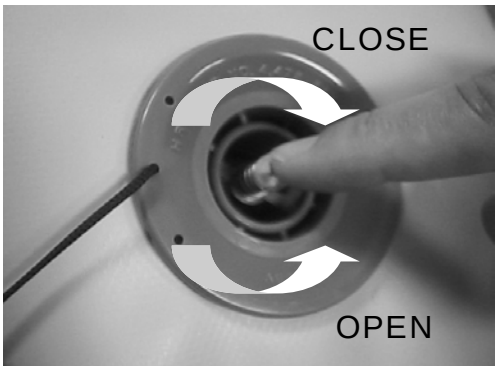
- Inflating Your Attack Zone

Step 1:

Lay the Attack Zone on a flat surface. Make sure there are no sharp objects under the product that might puncture the tube.

Step 2:

Locate the valve opening of the Attack Zone. To open valve, depress stem and rotate clockwise ¼ turn. To close valve, depress stem and rotate counter-clockwise. The valve stem should be in the depressed position while inflating. We recommend using the RAVE Hurricane inflator / deflator (Part # 01000, sold separately) for inflating and deflating. Once inflation is complete, remove the inflator and quickly close the valve to avoid loss of pressure. Replace valve cap. Inflate until the tube is firm and resistant to pressure. Your fist should create only a slight depression when pushed against the tube and the curtain should be stretched taut in all directions.



When using the inflation adaptor provided it is not necessary to open the valve. Simple assemble the two pieces of the inflation adaptor and insert the large end to the hose on your inflator. Remove the valve cap and attach the valve adaptor to the valve by inserting in the valve turning it clockwise until it stops. Once inflated turn the entire inflation adaptor assembly counter clockwise and remove. Replace valve cap.

NOTE:
It is normal for the air pressure within the tube to fluctuate depending on air and water temperatures. It may be necessary to increase or decrease the air pressure in your product accordingly. To avoid damage on extremely hot days it may be necessary to check and release the air pressure from your product throughout the day.

⚠ CAUTION

DO NOT OVER-INFLATE.
Do not exceed 2 PSI if filling with compressed air. Excessive pressure can cause the tube to rupture with potentially damaging force to eyes, ears, skin and limbs. Use of an air compressor or over-inflation can rupture the tube beyond repair, thus voiding the warranty.

Step 3:

The Attack Zone is now ready to use! Please read and follow all safety instructions before using your Attack Zone.

- Deflating Your Attack Zone

Step 1:

Open the valve following the same steps as described in the Inflating Your Attack Zone section of this user manual. Using the same inflator, reverse the hose, attach it to or hold it over the open valve and vacuum all air out of the Attack Zone.

Step 2

While evacuating the air from the Attack Zone make sure the top of both ends of the Attack Zone fall toward each other. Once all of the air is removed from the product close the valve, as described in the Inflating Your Attack Zone section of this user manual, and make sure the top of both ends are laying flat on the ground facing toward each

other. Fold the product in half by pulling the open end (shooting end) over the top and aligning edges with the opposite end (shield end). Fold the product in half again starting at the same end. Once folded the product can be rolled. Start at the edge of the folded product and roll toward the other edge.

Cleaning and Storage

- When the inflatable product is not being used, store it in a covered, shaded area. This will help protect it against ultraviolet (UV) rays and extend the life of the product.
- Clean the inflatable completely with a mild soap and fresh water. NEVER USE PETROLEUM BASED PRODUCTS OR SOLVENTS FOR CLEANING.
- NEVER USE A POWER WASHER SINCE THE HIGH PRESSURE WATER JET WILL DAMAGE THE SOFT PVC COATING ON THE TUBE BEYOND REPAIR.
- Product should be completely dry and remain dry while stored.
- Roll the product loosely and place in a container, preferably one that rodents can't chew through. Note, rodents are attracted to the PVC material used to manufacture your Attack Zone™. Mice, when present, can cause serious damage to your product if not stored properly.
- Secure against unauthorized or unsupervised use.
- Store in a cool, dry location. Do not store product directly on concrete surface. Place mothballs around stored inflatable to keep mice and insects away.

Repairs

For large holes, tears or seam failures, contact RAVE Sports Customer Service at 1-800-659-0790. For minor holes or tears:

- Inflate the product and locate the leak by spraying the tube with mild soapy water.
- Determine the hole size and cut a patch 1-2 inches wider than the diameter of the hole. Make sure all corners of the patch are rounded.
- Deflate the product and clean the patch and area around the hole with rubbing alcohol. Let dry.
- READ AND UNDERSTAND THE WARNINGS ON THE GLUE CONTAINER.
- Apply glue to the patch and the area around the hole. Let the glue dry until it is tacky to the touch.
- Lay the product on a flat, hard surface and apply the patch. Working from the center to the outer edge, rub out any air bubbles between the patch and the product.
- Let the patch dry for 24 hours before attempting to inflate the product.

Return Authorization Policy

1. Customer agrees to ship the product covered by the Return Authorization (R/A) number within thirty (30) days of receipt of the R/A number. Customer understands that failure to ship the product within thirty (30) days will result in the forfeiture of the R/A. RAVE Sports, Inc. (RAVE) will not accept any product that fails to ship within the thirty day time period and the customer will be responsible for all expenses related to shipping and return of rejected product.

2. Customer agrees that RAVE, at its own discretion, will determine whether the product being returned under the R/A Policy is covered by RAVE's Limited Warranty.

3. RAVE agrees to notify or provide, within a reasonable time period , the customer with:

a. The acceptance or rejection by RAVE of the warranty claim with regard to the product returned.

b. For products outside of the Limited Warranty, a price quote for the repairs required to return the product to a usable state including a cleaning charge for excessively dirty products. The customer agrees that rejection of the price quote or failure to approve the price quote in accordance with Section 3(c) below will result in the immediate return of the product, in the condition it was received by RAVE, FOB shipping location to the address provided by the customer. Customer further authorizes RAVE to charge the customer's credit card for the costs of shipping and handling associated with the return of the product, and the customer agrees to accept such charges.

c. If RAVE does not receive an approval from the customer within 45 days of first attempt, the product will be returned to the customer at the customers expense. Customer authorizes RAVE to charge the customer's credit card for the costs of shipping and handling associated with the return of the product, and the customer agrees to accept such charges.

4. Upon customer approval, RAVE will complete all necessary repairs. If while repairing the product additional damage is discovered and the cost of the repair is less then 10% of the original quote or $25.00, RAVE will proceed with the repair. The customer agrees to accept these additional charges. If the additional cost exceeds 10% or $25.00, RAVE will contact the customer for approval.

5. Once all repairs are complete, the customer authorizes RAVE to charge the customer's credit card for the costs of the repairs, and all shipping and handling associated with the return of the product, and the customer agrees to accept such charges.

6. RAVE will ship the product to the address provided FOB shipping location.

Limited One Year Warranty

The Limited One Year Warranty set forth below is given by RAVE Sports, Inc. with respect to product(s) purchased and used in the United States and internationally.

RAVE Sports' reinforced PVC product(s), when delivered to you in a new condition in original container, are warranted against defects in material or workmanship for life so long as the product remains the possession of the original owner. Defective product(s) returned to RAVE Sports or authorized service location and proven to be defective upon inspection, will be repaired or exchanged for new product(s) or part(s) where applicable. The warranty period for any replacement product shall be consistent with the terms of the Limited One Year Warranty.

When returning any product under this Limited One Year Warranty, you must first contact RAVE Sports to obtain a return authorization number. The product must be packaged in its original carton with a copy of the bill of sale (or invoice of purchase), together with a complete explanation of the problem. Shipping charges, if any, must be prepaid. Products covered by this Limited One Year Warranty will be returned to you without charge by RAVE Sports.

This Limited One Year Warranty covers all defects encountered in normal use of the product and does not apply in the following cases:

a) Loss or damage to the product is due to abuse; mishandling; alteration; accident; failure to follow operating, maintenance or storage instructions; service performed by a party other than RAVE Sports' authorized service personnel; or any acts of God, including storm or animal damage.
b) The product has had its serial number(s) or dating altered or removed.
c) Wear and tear from normal use and weathering.

No implied warranty (or condition), including any implied warranty (or condition) of merchantability or fitness for a particular purpose, applies to the product after the applicable period of express warranty stated above, and no other express warranty or guaranty, except as mentioned above, given by any person, firm, or corporation with respect to the product shall bind RAVE Sports. (Some states or provinces do not allow limitations on how long an implied warranty lasts, so the above limitations may not apply to you).

RAVE Sports shall not be liable for loss of revenue or profit, failure to realize savings or other benefits, or for any other special, incidental or consequential damages caused by the use, misuse or inability to use the product regardless of the legal theory on which the claim is based, and even if RAVE Sports has been advised of the possibility of such damages. Nor shall recovery of any kind against RAVE Sports be greater in amount than the purchase price of the product sold by RAVE Sports and causing the alleged damage.

Without limiting the foregoing, you assume all risk and liability for loss, damage or injury to you and your property and to others and their property arising out of the use, misuse, or inability to use any product sold by RAVE Sports not caused directly by the negligence of RAVE Sports, (Some states or provinces do not allow the exclusion or limitation of incidental or consequential damages, so the above limitation may not apply to you). This Limited One Year Warranty shall not extend to anyone other than the original purchaser of any product, or the person for whom it was purchased as a gift.

This Limited One Year Warranty gives you specific legal rights, and you may have other rights which vary from state to state or province to province.
